WHAT OTHER TEACHERS ARE SAYING

thefirstgraderoundup.com

This resource is amazing!!!
It was a game changer for my
phonics block! My students are
engaged and love the interactive
slides. Extremely happy with my
purchase.

~Jennifer

My students love using this resource to
practice phonics. I love the alphabet charts
for daily review. I also like that it includes sight
word activities. My students love the chants to go
along with the different slides. I like that this
resource includes instructional videos that fully
explain how to implement routines in your
daily lessons.

~Kelda

This is a phenomenal resource.
My kids loved these activities and
the routines. I had bought one to
try it out and then had to purchase
the entire program!

~Keri

FREQUENTLY ASKED QUESTIONS

thefirstgraderoundup.com

WHAT IS the SUPER PHONICS CURRICULUM?

Super Phonics is a digital curriculum that includes everything you need to teach your 20-30 minute block of explicit phonics--*digitally*! The digital slides are created to help you put down the script and click through the slides to teach the content in a purposeful, age-appropriate, and engaging way.

WHY SUPER PHONICS?

Super Phonics aligns with the Science of Reading which means kids will be exposed to sounds in a strategic way backed by years of brain research. And thanks to the predictable routine of the Super Phonics slides, your students will gain confidence and engage quickly to maximize learning.

CAN THIS CURRICULUM BE USED IN GOOGLE SLIDES?

Yes! Just simply upload the file to your Google Drive and then open with Slides. Very few things are different. You may lose some of the sound effects. The only other difference is that the decoding slides show the entire word on each click instead of showing it in chunks like in the powerpoint file. You may use the file in Google Slides, but please remember that a single license is for your personal classroom and may not be shared with your team, school or district. Please message me for special school licenses pricing!

What About Small Groups, Interventions, or Center Work?

This curriculum includes direct and explicit phonics lessons. They are intended for the whole group phonics block in a regular classroom, or could be used for explicit phonics lessons in intervention or small groups to introduce or review phonics skills altogether. This resource does not include supplemental resources for additional small group or center work. You can find supplemental phonics materials that coordinate with this curriculum like decodable readers here: bit.ly/shopdecodables

HOW LONG WILL IT TAKE TO TEACH PHONICS?

Once students (and you!) learn the routine, whole group phonics takes about 30 minutes in Kinder and 20 minutes in first or second

WHAT ABOUT FRIDAY PHONICS?

thefirstgraderoundup.com

Super Phonics Letter Discrimination and Letter ID units have digital lessons for Monday through Friday for each unit. This is to kick off kindergarten with a strong foundation in phonics and to give kids a consistent routine each day of the week.

However, starting with Super Phonics Letter Sounds (K) and on through 2nd grade,
this digital curriculum is only for Monday - Thursday.

So what happens on Fridays in a Super Phonics Classroom?

As you know, Fridays can be busy and very much a “catch all” day in the primary classroom. Keeping this curriculum Monday-Thursday allows for “real life” holidays, snow days, assemblies, etc, that may keep you from doing phonics. Friday can also be a “test” or “check up” day. Not all primary classrooms have traditional spelling tests, but having Friday off allows for this option.

What do Super Phonics Kinder Check Ups look like?

In Kindergarten, the goal is for students to be able to associate letters and sounds and apply them to words. This looks like giving students a chance to show they can write letters to match sounds independently.

For example, the “spelling words” in Unit 12 for kindergarten are: A, a, M, m, am. For a Friday check up test, I would give students handwriting paper and ask them to write the capital letter that says “/a/ as in apple.” The other option would be, “Write the beginning sound plus any other sounds you hear in apple.” This option would give your higher students a chance to show how well they can segment and write new words for an extension.

Where can I find pre-made Super Phonics Spelling Tests and Check Ups?

ABOUT THE AUTHOR

thefirstgraderoundup.com

Hey y'all! I'm Whitney Shaddock, the teacher author and blogger at the first grade roundup. I'm a National Board Certified teacher with my Masters Degree and have over 10 years of first grade experience in both high poverty and high wealth public schools. I've taught PreK Sunday School for over 17 years. I married my high school sweetheart in 2006. We were blessed with a beautiful boy in 2012 after years of infertility. In 2019, we adopted premie twins.

In 2011, I opened my TPT store. I love sharing real, practical resources I've tested and used in my own classroom. I am passionate about resources that align with the science of reading and full lesson plans and units to use in my classroom. Oh, and color coding is my love language! ☺

I love meeting new teachers, so let's connect!
