WHAT OTHER TEACHERS ARE SAYING

thefirstgraderoundup.com

The students enjoyed getting to find where they come from and take it down to their house. This worked great with our story of the week and it was simple to make and put together.

~Trimble

Was looking for something to help my students conceptualize their place on the earth! This was a great activity for that!

~Erica

This was such a fun way to show students the different places we have on Earth, and where they are in those places! They had such a fun time putting the map together and adding their own information to it!

~Sarah

ABOUT THE AUTHOR

thefirstgraderoundup.com

Hey y'all! I'm Whitney Shaddock, the teacher author and blogger at the first grade roundup. I'm a National Board Certified teacher with my Masters Degree and have over 10 years of first grade experience in both high poverty and high wealth public schools. I've taught PreK Sunday School for over 17 years. I married my high school sweetheart in 2006. We were blessed with a beautiful boy in 2012 after years of infertility. In 2019, we adopted premie twins.

In 2011, I opened my TPT store. I love sharing real, practical resources I've tested and used in my own classroom. I am passionate about resources that align with the science of reading and full lesson plans and units to use in my classroom. Oh, and color coding is my love language! ☺

I love meeting new teachers, so let's connect!
