How To Plant Flowers

© the first grade roundup

Do you want to know how to plant flowers? My family grows our flowers from seed all the time. So I can tell you all about it. First, you have to go outside and plow the ground. This gets the dirt loose so you can plant the seed. It will take about an hour to do. Next, you need to plant the seeds. Poke a hole in the dirt and put the seed in. Put the dirt back on top of the seed. Then, you should

water the seeds. Now it's time to wait for the plants to sprout. How long will it take? It will take around a week for the seeds to sprout. When the seeds can go in your house and sit on your couch. Count the days and when to check on your seeds. After you have found young seeds, they will grow taller and taller. It will take a long time, but before you know it, you will have flowers that bloom. Now you are ready to plant your own flowers.

Little Brown House

© the first grade roundup

I am proud of our little brown house. Let me show you around our little brown house. It sits on a hill just south of town. Inside our house is our young puppy. He's a nice puppy, but he has a very loud growl if we have a big fight at the house. Do you want to see our new couch? We found it at a store downtown. When we got it home, my mom found a mouse under the couch! "Get out!!" she shouted! The mouse made my mom frown. But now that the mouse is out, we love our new couch. Outside of our little brown house is a small garden. It's the best thing about our little brown house. My dad plowed the ground in our garden and planted seeds in rows. Soon, the seeds sprouted. Later, we had red and yellow flowers in our garden. I am so proud of our little brown house. It's not perfect, but it's ours.

Summer Showers

© the first grade roundup

We have a pool at our house. One day, my buddy Lou and his young sister came from out of town to swim with me. We swam for around an hour. And then we found some clouds in the sky. At first it was just a few clouds. But then, the clouds crowded all around us. It began to rain. We wanted to keep swimming, but my mom said we better get on out and come inside the house.

So, we got out of the pool and dried off with a towel. Now the rain was pouring! We had to jump over our flower beds to run inside. Mom found us new dry towels because our other towels got wet in the rain. We dried off again and sat on the couch. It's a good thing we came in when we did. As soon as we got inside, we heard loud thunder. But now we were safe inside our house and got to look out at the pretty summer showers.

WHAT OTHER TEACHERS ARE SAYING

thefirstgraderoundup.com

I am so glad I found these! It makes reading decodables an easy addition to my small groups. I really love the assessment that comes with each concept. I will be using this on a weekly basis to help me gather data to report specifically to parents on how their child is doing with each concept.

~Marie

I love these! My students were so far behind because our school is stuck using f&p. I snuck these into my guided reading and saw soooooo much growth. My students loved the success they saw too.

~Kelda

This is a great resource when trying to align instruction with SOR and phonics-based curriculum. We shifted to SOR, Wilson, and Heggerty, but didn't have the books/resources to support learning, so we used this resource and it is fantastic!

How To Use Decodables

Research in the science of reading is overwhelmingly supportive of the positive effects of teaching kids to decode. This packet gives you resources to help kids practice decoding in a variety of settings with a specific phonics skill. The skills covered in each decodable resource correlate with my Super Phonics Curriculum: bit.ly/superphonicsbundle

WHAT'S INCLUDED? One **decodable booklet** is included in color, black and white and digital form. Use these to extend your phonics lessons into independent practice. **3 decodable passages** are included to use in small group instruction or intervention. One **assessment** is included for data collection, RTI data, or just weekly check-ups.

Each decodable text includes a few high frequency words. Here's a look at the titles of the texts and their high frequency words.
