Space Magic

Once upon a time, there was a girl named Grace and a gent named George. Grace paid a high price to go to space. They wanted to see the see if there was really such a thing as space magic. Grace called George on his cell. She said, "Change of plans. We are leaving for space tomorrow!" The next day, George and Grace drove up to the huge stage where the rocket was. They gave a nice wave and got on the rocket. 3. 2. 1. Blast off! The rocket took off and Grace and George could feel the Force of the rocket going into space. Once they got into space, the magic started. The stars sparkled like gems and Earth didn't look so large anymore. "Space magic is real! This was worth every cent we paid," said George. Since their trip to space, many things have changed, but they will never forget seeing space magic.

A Chance In France

© the first grade roundup

Tomorrow, Nancy and I are leaving for a nice place called France. Have you been to France? We have been twice before! Once when we went to France we had a chance to meet a prince. We raced over to the prince to get a quick glance at him. In a loud voice we said, "Prince Pricel Please give us some advice!" The prince glanced our way. We braced ourselves for his sentence.

His face lit up and he said, "If I have a choice, I always take a chance in France!" Then, the prince waved and went on his way. We wondered what the prince could mean? We pranced on to a pastry shop with a choice of pie. They had so many fancy treats we loved and one pie we had a choice. Which treat would we pick? We took a chance and ate a slice of pie. The prince was right! Always take a chance.

Gym Germs

© the first grade roundup

Germs are everywhere! Germs can be at home. Germs can be at the store. Germs can be at the gym, too. I go to a huge gym each morning with Ginger. I do not want to share my germs at the gym. And I do not want to bring germs home from the gym. Can you imagine how many germs are there? Once I get to the gym, I wash my hands gently with soap. If I use a large bench, I get cleaning gel and wipe the germs off of the bench. If Ginger holds on to the orange rail when she walks the edge of the track, she washes her hands gently. Once I get home, I gently wash the germs off of my hands. People of all ages can get my germs. We can't change the danger of germs. But we can change our habits to protect us from germs. With good habits and a little bit of magic, we can save each other from the gym germs!

What's the price of the nice cage on the stage?

/10

Ginger is a gem. She is nice to kids of all ages. Her place is huge and fancy! The kids face paint and dance without paying a cent. It's priceless!

WHAT OTHER TEACHERS ARE SAYING

thefirstgraderoundup.com

I am so glad I found these! It makes reading decodables an easy addition to my small groups. I really love the assessment that comes with each concept. I will be using this on a weekly basis to help me gather data to report specifically to parents on how their child is doing with each concept.

~Marie

I love these! My students were so far behind because our school is stuck using f&p. I snuck these into my guided reading and saw soooooo much growth. My students loved the success they saw too.

~Kelda

This is a great resource when trying to align instruction with SOR and phonics-based curriculum. We shifted to SOR, Wilson, and Heggerty, but didn't have the books/resources to support learning, so we used this resource and it is fantastic!

~Keri

How To Use Decodables

Research in the science of reading is overwhelmingly supportive of the positive effects of teaching kids to decode. This packet gives you resources to help kids practice decoding in a variety of settings with a specific phonics skill. The skills covered in each decodable resource correlate with my Super Phonics Curriculum: bit.ly/superphonicsbundle

WHAT'S INCLUDED? One **decodable booklet** is included in color, black and white and digital form. Use these to extend your phonics lessons into independent practice. **3 decodable passages** are included to use in small group instruction or intervention. One **assessment** is included for data collection, RTI data, or just weekly check-ups.

Each decodable text includes a few high frequency words. Here's a look at the titles of the texts and their high frequency words.

Decodable Text	High Frequency Words	
Space Magic (booklet & passage)	place change	once tomorrow
A Chance in France (soft c passage)	place once	sentence tomorrow
Gym Germs (soft g passage)	change once	everywhere

**HF word list reference

FREQUENTLY ASKED QUESTIONS

thefirstgraderoundup.com

Are the decodables aligned with a specific curriculum?

These decodables are aligned with the suggested Science of Reading progression and match my Super Phonics Curriculum found here:

bit.ly/superphonicsbundle

How do I decide which decodable set to use with my kids?

Assess! These phonics screeners will give you a quick and easy way to figure out which sounds your kids need to work on decoding first!

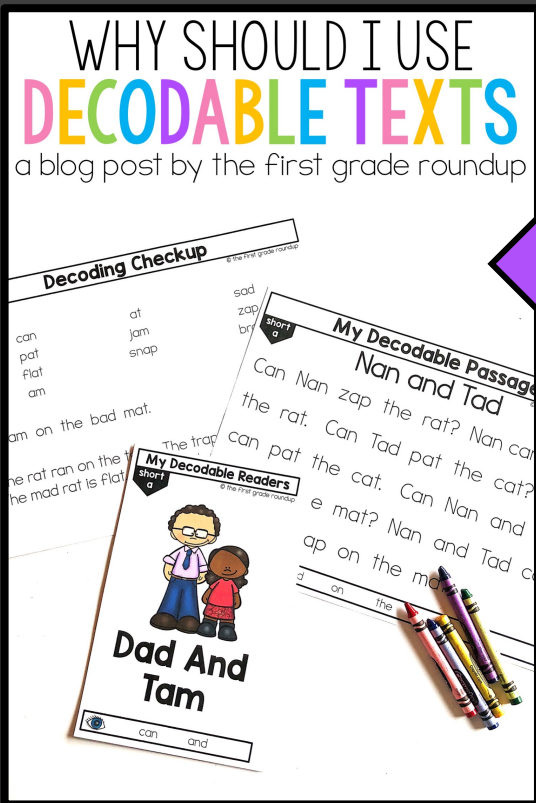

bit.ly/phonicscreeners

What order of high frequency words do you use?

The HF words are from the Fry wordlist. They match the same HF words used for the same sound lesson in my Super Phonics Curriculum: bit.ly/superphonicsbundle
